

UPDATE:

May 28, 2020

Dear Members,

If you have visited our courts recently, you will have noticed that the windscreens are up. A big thank you to those who volunteered last weekend to help with that task.

You will also have noticed some new signage reminding us to maintain social distancing, as well as notifying us of some new rules of play.

However, we unfortunately still remain closed.

Your executive has been working hard to take appropriate steps to open. We realize that to many of you this is not moving along fast enough. We do not take this lightly, we feel your urgency, and we too are fans of tennis who miss the sport dearly.

The health and safety of our membership who use the courts is paramount, and we will not open until we feel that we have reasonably done everything we can to provide a safe environment. We are putting together a return-to-tennis plan for our club that meets the requirements laid out by the City of Toronto.

We will send out email updates as soon as we can. Please also visit our website for new information.

We would like to leave you with some of the new rules that will be implemented, as mandated by the City of Toronto, when we return to play:

- No doubles permitted. Single play only.
- Give other players space while waiting for your turn to play.
- Bring your own tennis balls, uniquely identify them, and only touch your tennis balls
- Avoid touching common areas (the net, fences, poles, gates, etc...)
- Regularly clean or sanitize hands, and avoid touching your face
- Do not gather before or after you play tennis, and always keep 2 meter away from others
- There will be no washroom or clubhouse access

We will also require some sort of sign-in when you play, with name and contact information so that we can provide to Toronto Public Health upon request.

Stay safe.

SBTC Executive
